FOREWORD

History

This comprises the codification of the Ordinances of the Borough of Landisburg. Landisburg was originally settled in 1793 and was incorporated as a Borough on December 23, 1831, from parts of Tyrone Township.

The Code of Ordinances of the Borough of Landisburg was prepared by Penns Valley Publishers and adopted by the Borough Council on April 12, 1993, by Ordinance Number 4/12/1993.

Organization

The Code contains four parts which are (1) the valid current ordinances of the Borough contained in Chapters 1 through 27, (2) the Appendix which lists by abstracted title all ordinances of a temporary or "one time" nature, (3) the Key to the disposition of each ordinance ever enacted by the Borough, and (4) the Index, which is an alphabetical arrangement of subjects.

In the Code, each Chapter is separated by a divider tab, and specific ordinances can be located by subject on the contents page at the beginning of each Chapter. The Index may also be used to search for a subject when one is looking for general information on a particular subject, or if it is not known in which Chapter the subject might be found. The Appendix consists of several general categories containing a chronological listing of short subject descriptions along with a reference to the original ordinance and its date of enactment if known.

The Key to disposition indicates what action has been taken by the codifiers and the Borough Council with regard to every ordinance ever enacted. An ordinance has either been (1) specifically repealed, (2) superseded by another ordinance, (3) is located in a Chapter of the Code book, or (4) is located in the Appendix. Annual tax rate and budget ordinances are located only in the Key. The Key is a cross reference to the original ordinance books of the Borough, and to the location within the Code of each ordinance by number.

§401. Definitions. As used in this Part, the following terms shall have the meaning indicated, unless a different meaning clearly appears from the context:

CHICKEN PEN shall mean a wire enclosure connected to a henhouse for the purpose of allowing chickens to leave the henhouse while remaining in an enclosed, predator-safe environment.

HENHOUSE shall mean a structure for the sheltering of female chickens. An existing shed or garage can be used for this purpose if it meets the standards contained in Article

§402. Intent and Purpose. Whereas, the keeping of chickens in the city supports a local, sustainable food system by providing an affordable, nutritious source of protein through fresh eggs. The keeping of chickens also provide free, quality, nitrogen-rich fertilizer; chemical-free pest control; animal companionship and pleasure; weed control; and less noise, mess and expense than dogs and cats.

The purpose of this article is to provide standards for the keeping of domesticated chickens. It is intended to enable residents to keep a small number of female chickens on a non-commercial basis while limiting the potential adverse impacts on the surrounding neighborhood. The Borough recognizes that adverse neighborhood impacts may result from the keeping of domesticated chickens as a result of noise, odor, unsanitary animal living conditions, unsanitary waste storage and removal, the attraction of predators, rodents, insects, or parasites, and non-confined animals leaving the owner's property. This article is intended to create standards and requirements that ensure that domesticated chickens do not adversely impact the neighborhood surrounding the property on which the chickens are kept.

- (c) There is no restriction on chicken species.

§404. Enclosures.

- (a) Chickens must be kept in an enclosure or fenced area at all times. During daylight hours, chickens may be allowed outside of their chicken pens in a securely fenced yard if supervised. Chickens shall be secured within the henhouse during non-daylight hours.
- (b) Enclosures must be clean, dry, and odor-free, kept in a neat and sanitary condition at all times, in a manner that will not disturb the use or enjoyment of neighboring lots due to noise, odor or other adverse impact.
- (c) The henhouse and chicken pen must provide adequate ventilation and adequate sun and shade and must both be impermeable to rodents, wild birds, and predators, including dogs and cats.
- (d) A henhouse shall be provided and shall be designed to provide safe and healthy living conditions for the chickens while minimizing adverse impacts to other residents in the neighborhood.

- (a) The structures shall be enclosed on all sides and shall have a roof and doors. Access doors must be able to be shut and locked at night. Opening windows and vents must be covered with predator- and bird-proof wire of less than one (1) inch openings.
- (b) The henhouse shall be well maintained.
- (c) Henhouses shall not be placed in the front yard and maintain set backs in accordance county requirements.
- (e) Chicken Pens must be enclosed and must be built with sturdy wire fencing. The pen must be covered with wire, aviary netting, or solid roofing.

§405. Odor and Noise Impacts.

- (a) Odors from chickens, chicken manure, or other chicken-related substances shall not be perceptible at the property boundaries.
- (b) Perceptible noise from chickens shall not be loud enough at the property boundaries to disturb persons of reasonable sensitivity.
- (c) It is the duty of the owner of the chickens to ensure that odors and noises have not risen to the level of a disturbance and to remedy the situation immediately if they have.

§406. Predators, Rodents, Insects, and Parasites.

- (a) The property owner shall take necessary action to reduce the attraction of predators and rodents and the potential infestation of insects and parasites.
- (b) If predators, rodents, insects, or parasites

§407. Feed and Water.

Chickens must be provided with access to feed and clean water at all times; such feed and water shall be unavailable to rodents, and predators.

§408. Waste Storage and Removal.

All other manure not used for composting or fertilizing shall be removed. In addition, the henhouse, chicken pen and surrounding area must be kept free from trash and accumulated droppings. Uneaten feed shall be removed in a timely manner.

§409. Removal of Chickens.

The Health Inspector, Health Officer, Code enforcement officials or Animal Control Officer may order the removal of the chickens and the chicken related structures upon a determination that the chickens pose a health risk.

If a chicken dies, it must be disposed of promptly in a sanitary manner.

§410. Separability.

In the event that any section, subsection or portion of this article shall be declared by any competent court to be invalid for any reason, such decision shall not be deemed to affect the validity of any other section, subsection or portion of this article.

- A. A certificate or, at the discretion of the Borough, a verbal notification which shall be confirmed in writing by the insurer to the effect that, as of the date specified in said request there are no delinquent taxes, assessments, penalties or user charges against the property and that, as of the date of the certificate or verbal notification, the Borough has not certified any amount as total cost incurred by the Borough for the removal, repair or securing of a building or other structure on the property.
- B. A certificate and bill showing the amount of delinquent taxes, assessments, penalties and user charges against the property as of the date specified in said request that have not been paid as of the date of the certificate and also showing, as of the date of the certificate, the amount of the total costs, if any, certified to the Borough Tax Collector that have been incurred by the Borough for the removal, repair or securing of a building or other structure on the property. For the purposes of this Part, the borough shall certify to the Borough Tax Collector the total amount, if any, of such costs. Upon receipt of the estimate, the Code Enforcement Officer shall return the amount of the funds transferred to the Borough in excess of the estimate to the named insured of the Borough who has not commenced to remove, repair or secure the building or other structure.
- D. Upon receipt of the proceeds under this Section, the Code Enforcement Officer, with assistance of the Borough Secretary or Treasurer, shall place the proceeds in a separate fund to be used solely as security against the total cost of removing, repairing or securing the building or other structure which are incurred by the Borough. Such cost shall include without limitation any engineering, legal or administrative costs incurred by the Borough in connection with such removal, repair or securing of the building or other structure or any proceedings related thereto.

Upon receipt of the transferred funds and the name and address of the named insured, the Secretary/Treasurer or Code Enforcement Officer shall contact the named insured, certify that the proceeds have been received by the Borough and notify the named insured that the procedures under this Part shall be followed.
- F. When repairs, removal or securing of the building or other structure have been completed in accordance with applicable regulations and orders of the Borough and the required proof of such completion received by the Code Enforcement Officer, the funds shall be returned to the named insured if the Borough has not incurred any costs for repairs, removal or securing, but if the Borough has incurred costs for repairs, removal or securing of the building or other structure, the excess funds to the named insured.

§409. Residential Permit Parking.

1. Findings and Purpose: The Borough finds that:

A. Certain residential areas in the Borough are subjected to commuter vehicle parking, therefore, depriving the residents of those areas of spaces in which to park their own vehicles;

B. Those residential streets are also subjected to a high degree of commuter traffic which substantially reduces the quality of the ambient air level; and

C. The establishment of a parking permit program for certain affected areas should facilitate efficient movement of traffic by providing for parking preference during certain hours of the day and days of the week. Therefore, the Borough considers it to be in the interest of the people of the Borough to provide for the establishment of a residential permit parking program to insure primary access to available parking spaces by neighborhood residents and also to provide a cleaner ambient air level.

2. Definitions: For the purpose of this Section, words and terms listed in this subsection, as follows, shall have the following meanings:

COMMUTER VEHICLE - a motor vehicle parked in a residential area by a person not a resident of that residential area;

PROPRIETOR - a person who owns or leases real estate within a residential area of which he is not a resident, but who owns or manages a business enterprise or professional office maintained at

that address; for the purpose of this Section, a proprietor shall be entitled to one (1) parking permit for that business or professional office address;

RESIDENT - a person who owns or leases real property within a residential area and who maintains either a voting residence, or bona fide occupancy, or both, at that address;

RESIDENTIAL AREA - a contiguous area containing public highways or parts of public highways primarily abutted by residential property or residential and non-business property (such as schools, parks, places of worship, hospitals and nursing homes).

3. Criteria: The residential areas designated in subsection 4 of this Section are those deemed impacted and hence eligible for residential parking on the basis of the following criteria:

A. During any period between the hours of 7:00 a.m. and 6:30 p.m., Monday through Saturday, except legal holidays, the number of vehicles parked (or standing), legally or illegally, on the streets in the area is equal to seventy percent (70%) or more of the legal, on-street parking capacity of the area. For the purpose of this criterion, a legal parking space shall be twenty (20) linear feet.

B. During the same period as specified in A, directly above, ten percent (10%) or more of the vehicles parked (or standing) on the streets in the area are not registered in the name of a person residing in the area. For the purpose of this criterion, the latest available information from the Bureau of Motor Vehicles and Licensing of the Pennsylvania Department of Transportation regarding registration of motor vehicles shall be used.

Provided: in determining that a specific area identified as impacted and eligible for residential permit parking is designated as a residential permit parking area, the following factors are taken into consideration:

(1)

The local and metropolitan needs with respect to clean air and environment;

(2)

The possibility of a reduction in total vehicle miles driven in the Borough;

(3)

The likelihood of alleviating traffic congestion, illegal parking and related health and safety hazards;

(4)

The proximity of public transportation to the residential area;

(5)

The desire and need of the residents for residential permit parking and their willingness to bear the administrative costs in connection with it; and

(6)

The need for parking in excess of the residential permit parking program in proximity to establishments located in the residential permit parking area and used by the general public for religious, health or educational purposes.

4. Designation of residential permit parking areas: The following are designated as residential permit parking areas:

Area

Bounded by and Including

(Reserved)

Signs shall be erected along the streets in each residential permit parking area, indicating the days, hours, locations and conditions under which parking shall be by permit only.

5. Application for permit: Application for a residential parking permit shall be made to the Chief of Police by the person desiring the permit, who shall be only the owner or the driver of a motor vehicle who resides on or is a proprietor of property immediately adjacent to a street or other location within a residential parking permit area. A separate application shall be required for each motor vehicle, and each application shall be accompanied by a permit fee, set pursuant to a Resolution of the Borough Council, which shall be for the use of the Borough, to be applied to the cost of administering the residential permit parking program. Each application shall contain the following information: the name of the owner or the driver, as the case may be, of the motor vehicle; the address of the resident or the proprietor, as the case may be; the make, model and registration number of the motor vehicle; and the driver number as taken from the applicant's current driver's license. At the discretion of the Chief of Police, the applicant shall be required, at the time of making application, to present his driver's license and the vehicle registration card.

6. Issuance of permit: Upon receipt of the application and the permit fee, and determination by him that the information upon the application shows that the applicant is entitled to a residential parking permit, the Chief of Police shall issue to the applicant a residential parking permit, which shall be valid for the remainder of the calendar year. The permit shall display the serial and registration numbers of the motor vehicles, the residential parking area number, and the expiration date. The permit shall be renewable annually before the expiration date, upon making application for renewal and payment of the permit fee. It shall be unlawful and a violation of this Section for any person to display other than the current and valid permit while standing or parking in a residential permit parking area at any time when those permits are to be displayed.

7. Temporary and exemption parking permits: Temporary parking permits may be issued by the Chief of Police, upon payment of a fee established pursuant to a Resolution, to bona fide visitors of residents of a designated residential permit parking area, and exemption parking permits may be issued, without payment of a fee, to handicapped persons.

8. Responsibility of permit holder:

A. Notwithstanding any provision of this Section to the contrary, the holder of a residential parking permit shall be permitted to stand or park a motor vehicle operated by him in any designated residential parking area during those times when parking of motor vehicles is permitted in that area. While a vehicle for which a residential parking permit has been issued is so parked, that permit shall be displayed so as to be clearly visible through the windshield

of the vehicle. A residential parking permit shall not guarantee or reserve to the holder a parking space within a designated residential permit parking area.

B. A residential parking permit shall not authorize its holder to stand or park a motor vehicle in any place where or at any time when stopping, standing or parking of motor vehicles is prohibited or set aside for other specified types of vehicles, nor shall the permit exempt its holder from the observance of any traffic or parking regulation other than residential permit parking regulation or restriction.

C. No person other than the permit holder whose name appears on the permit shall use a residential parking permit or display it on a vehicle operated; any such use or display by a person other than the permit holder shall constitute a violation of this Section by the permit holder and by the person who so used or displayed the parking permit.

D. It shall constitute a violation of this Section for any person falsely to represent himself as eligible for a residential parking permit or to furnish false information in an application to the Chief of Police in order to obtain a residential parking permit.

(1) Revocation of permits: The Chief of Police shall have authority to revoke the residential parking permit of any permit holder found to be in violation of any provision of this Section. Upon written notification to him of the revocation, the permit holder shall surrender the permit to the Chief of Police. Failure to do so, when so requested, shall constitute a violation of this Section. Provided: any person receiving such a notice may, within ten (10) days after the date of the notice, appeal to Borough Council for a hearing on the revocation, and the decision of Borough Council shall be final.

(Ord. 4/12/1993)

§410. Penalties. Any person who violates any provision of this Part shall, upon conviction, be sentenced to pay a fine of not more than fifteen dollars (\$15.00) and costs. Provided: it shall be the duty of the police officers and of parking enforcement personnel of the Borough to report to the appropriate official all violations of any provision of this Part, indicating, in each case: the Section violated; the license number of the vehicle involved in the violation; the location where the violation took place; and any other facts that might be necessary in order to secure a clear understanding of the circumstances attending the violation. The police officer or other person making the report shall also attach to or place upon every such vehicle a notice stating that the vehicle was parked in violation of this Part. The notice shall contain instructions to the owner or driver of the vehicle that if he will report to the office of the Chief of Police and pay the sum of _____ dollars (\$0.00) within _____ () hours after the time of the notice, or if he will place the sum of _____ dollars (\$0.00), enclosed within the envelope provided, in any of the special parking fine boxes installed at various locations within the Borough, that act will save the violator from prosecution and from payment of the fine and costs prescribed in the first sentence of this Section.

Part 5

Removal and Impoundment of Illegally Parked Vehicles

§501. Applicability and Scope. This Part is enacted under authority of §6109(a-22) of the Vehicle Code, and gives authority to the Borough to remove and impound those vehicles which are parked in a tow away zone and in violation of parking regulations of this Chapter. Vehicles which have been abandoned (as defined by the Vehicle Code) or which are parked in such a manner as to interfere with traffic or pose a hazard to others, may be towed under the provisions of the Pennsylvania Vehicle Code. (Ord. 4/12/1993)

§502. Authority to Remove and Impound. The Borough shall have authority to remove and impound, or to order the removal and impounding, of any vehicle parked overtime or otherwise illegally, provided that the circumstances of its parking were within the conditions stated in §801 of this Part. Provided, no such vehicle shall be removed or impounded except in strict adherence to the provisions of this Part, or the provisions of the Pennsylvania Vehicle Code. (Ord. 4/12/1993)

§503. Tow Away Zones Designated. The following designated streets and/or parking lots are hereby established as tow-away zones. Signs shall be posted to place the public on notice that their vehicles may be towed for violation of the Borough parking regulations:

<u>Street</u>	<u>Side</u>	<u>Between</u>
<u>Parking Lot</u>		(Reserved)

(Ord. 4/12/1993)

§504. Designation of Approved Storage Garages; Bonding; Towing and Storage. Removal and impounding of vehicles under this Part shall be done only by "approved storage garages" that shall be designated from time to time by Borough Council. Every such garage shall submit evidence to Borough Council that it is bonded or has acquired liability insurance in an amount satisfactory to Borough Council as sufficient to indemnify owners of impounded vehicles against loss or damage to those vehicles while in the custody of the garage keeper for the purpose of towing or storage. The approved storage garage shall submit to Borough Council its schedule of charges for towing and storage of vehicles under this Part, and, when the schedule is approved by Borough Council, those charges shall be adhered to by the approved storage garage; no different schedule of charges shall be demanded of or collected from any person whose vehicle is removed or impounded under this Part by any approved storage garage. Borough Council shall delete from its list of approved storage garages any garage that makes any unapproved charge in connection with any vehicle removed or impounded under this Part. (Ord. 4/12/1993)

§505. Payment of Towing and Storage Charges. The payment of towing and storage charges shall not relieve the owner or driver of any vehicle from liability for any fine or penalty for the violation of the provision of this Part for which the vehicle was removed or impounded. (Ord. 4/12/1993)

§506. Reclamation Costs. In order to reclaim his vehicle, the owner shall pay towing and storage costs, plus a twenty-five dollar (\$25.00) fee of which ten dollars (\$10.00) shall be transferred to the Pennsylvania Department of Transportation by the garage to which the vehicle was taken. (Ord. 4/12/1993)

§507. Records of Vehicles Removed and Impounded. The Borough shall cause a record to be kept of all vehicles impounded under this Part and shall be able at all reasonable times to furnish the owners or the agents of the owners of those vehicles with information as to the place of storage of the vehicle. (Ord. 4/12/1993)

§508. Restrictions upon Removal of Vehicles. No vehicle shall be removed under the authority of this Part or the Vehicle Code if, at the time of the intended removal, the owner or the person for the time being in charge of the vehicle is present and expresses a willingness and intention to remove the vehicle immediately. (Ord. 4/12/1993)

§509. Penalty for Violation. Any person who shall violate any provision of this Part shall, upon conviction thereof, be sentenced to pay a fine of fifty dollars (\$50.00) together with all costs of disposing of the vehicle under provisions of the Vehicle Code, 75 Pa.C.S.A. §7301 et seq., as hereafter amended, supplemented, modified or reenacted by the General Assembly of Pennsylvania. (Ord. 4/12/1993)

§510. Reports and Disposition of Unclaimed Vehicles. If after a period of fifteen (15) days the vehicle in storage remains unclaimed, a report shall be filed with PennDOT in accordance with §7311 of The Vehicle Code, by the person having legal custody of the vehicle. If the vehicle has not been claimed after thirty (30) days, the vehicle may be transferred to a licensed Salvor who will then be responsible for filing the proper reports and disposing of the vehicle in accordance with the provisions of Chapter 73 of the Pennsylvania Motor Vehicle Code (75 Pa.C.S.A. §110 et seq., as amended). (Ord. 4/12/1993)

In order to facilitate the movement of traffic and to combat the hazards of snow and ice on the snow emergency routes named in §603 of this Part, the Mayor, in his discretion, may declare a snow and ice emergency (designated in this Part as a "snow emergency"). Information on the existence of a snow emergency shall be given by the Borough through radio, newspaper or other available media, and information on the termination of the emergency may be given by use of the same media. (Ord. 4/12/1993)

§102. Tapping and Connection Fees for Sewer Service. No person shall connect any improved property with any part of the sewerage system without first making application for and securing a permit, in writing, from the

Authority. Such application shall be made on a form to be provided by the Authority. The cost of the permit shall be twenty-five dollars (\$25.00).

A. Tapping Fee.

(1) This Authority will charge a tapping fee for properties improved after January 1, 1989. The tapping fee charge against the owner of any improved property is charged for connection of each such improved property whenever such owner hereafter shall connect any such improved property with the sewerage system.

(2) The amount of the tapping fee shall be the direct cost for materials, labor, meter, fringe benefits, engineering and legal charges.

(3) All tapping fees shall be payable to the treasurer of this Authority or to such other officer or representative of this Authority as shall be authorized, from time to time, to accept payment thereof.

(4) Payment of tapping fees charged by this Authority shall be enforced by this Authority in any manner appropriate under laws at the time in effect.

B. Connection Fee.

(1) The Authority will charge a connection fee for property improved after January 1, 1989. The connection fee as set forth is imposed upon and shall be collected by the Authority from the owner of each improved property which physically shall connect such improved property to the sewerage system, for the use of the sewerage system, whether such use shall be direct or indirect.

(2) The amount of the connection fee for connection of each domestic establishment shall be one thousand dollars (\$1,000.00). In case of a combination of one (1) or more domestic establishments with a similar unit or units and each thereto having the use of the sewerage system through one (1) sewer connection, then each such domestic establishment shall be charged the rates herein provided as though each thereof were in a separate structure and as though each thereof had a direct and separate connection to the sewerage system.

(3) The amount of the connection fee for connection of each nonresidential improved property which is charged for sewer service on a metered basis shall be determined on the basis of one (1) equivalent domestic establishment for each twelve thousand (12,000) gallons discharged quarterly or for each twelve thousand (12,000) gallons of sewage estimated to be discharged quarterly. If necessary, the discharge shall be estimated by the Authority or the Authority's consulting engineer using standard engineering data and procedures. The connection fee shall be the equivalent domestic establishment times one thousand dollars (\$1,000.00).

After one (1) year following the date of connection, the Authority shall make an analysis of actual quarterly discharge, and the Authority shall thereafter adjust the connection fee previously collected, either upward or downward based upon the

actual quarterly discharge. In no event shall the connection fee be less than one thousand dollars (\$1,000.00).

(4) All connection fees shall be due and payable at the time application is made to the Authority to make such connection to the sewerage system.

(5) All connection fees shall be made payable to the treasurer of this Authority or to such other officer or representative of this Authority as shall be authorized, from time to time, to accept payment thereof.

(Ord. 4/12/1993)

§103. Sewer Rental or Charges. There is hereby imposed upon the owner of each improved property served by the sewerage system and having the use thereof sewer rents or charges payable as hereinafter provided for the use, whether direct or indirect, of the sewerage system, based on the schedules of classifications and rates or charges hereinafter set forth:

A. In cases where the improved property is served by a public water supplier, sewer rentals or charges shall be computed in accordance with the following water meter rate schedule:

(1) Residential.

(a) A charge is instituted in the amount of seventy-two dollars (\$72.00) per quarter for the first twelve thousand (12,000) gallons (or any part thereof) of water consumption.

(b) For each additional thousand gallons (above twelve thousand (12,000) gallons) of water consumption, a charge is instituted in the amount of five dollars and fifty cents (\$5.50) per thousand gallons of water consumption.

(c) Multiple Use. In case of a combination of one (1) or more domestic establishments with a similar unit or units and each thereto having the use of the sewerage system through one (1) sewer connection, then each such domestic establishment shall be charged the rates herein provided as though each thereof were in a separate structure and as though each thereof had a direct and separate connection to the sewerage system.

(d) Mobilehome Court And Apartment Complex Service.

1) The owner of each improved property may make one (1) connection to the Authority's sewerage system for which he will be subject to the minimum charge of seventy-two dollars (\$72.00) per quarter for each mobilehome pad located in the mobilehome court or each apartment located in the apartment complex.

2) The quantities of quarterly sewage discharge allowable from each mobilehome court or apartment complex before excess usage charges shall be placed in effect will be determined by multiplying the total

number of mobilehome pads or apartment units times twelve thousand (12,000) gallons.

(e) For service less than a full quarterly period, the listed rates will be prorated for the period of usage or prorated on the usage, whichever is greater.

(2) Commercial and Industrial.

(a) A charge is instituted in the amount of seventy-five dollars (\$75.00) per quarter for the first twelve thousand (12,000) gallons (or any part thereof) of water consumption.

(b) For each additional thousand gallons (above twelve thousand (12,000) gallons) of water consumption, a charge is instituted in the amount of five dollars and sixty cents (\$5.60) per thousand gallons of water consumption.

(c) For service less than a full quarterly period, the listed rates will be prorated for the period of usage or prorated on the usage, whichever is greater.

B. In cases where the improved property is not served by a public water supplier, a charge is instituted in the amount of seventy-two dollars (\$72.00) per quarter for residential and seventy-five dollars (\$75.00) per quarter for commercial and industrial. Should either this Board or the owner feel that these flat charges create an unfair result, then, in said event, the owner may have a water meter installed, or this Board may require the installation of a water meter. In circumstances where the improved property is not served by a public water supplier and there is currently a water meter installed, billings shall be in accordance with the water meter rate schedule.

C. In cases where the improved property is an industrial establishment which consumes water in the industrial process, making it difficult or impossible to fairly monitor sewage discharge from water intake, a charge is instituted in the amount of two hundred dollars (\$200.00) per month.

(Ord. 4/12/1993)

§104. Measuring Volume.

1. Methods of Measuring Volume.

A. Person purchasing all water used from the water supplier discharges sanitary sewage and/or industrial waste into the sewerage system, the volume of water used as determined from meter readings made by or made available to the Authority shall be used in computing the sewer rentals.

B. In cases where persons have sources of water supply in addition to, or other than from the water supplier and discharge sanitary sewage and/or industrial waste into the sewerage system, those persons shall provide a meter on such additional or other sources of supply. The total amount of water used as shown by these meter readings will be used in computing the sewer rentals. If no

such meter is installed, the Sewer Manager shall estimate the total amount of water used for the purpose of determining the sewer rentals.

C. In cases where persons use water from the water supplier and/or from any other source such that all or any part of the water so used is not discharged into the sewerage system, the quantity of water used to determine the sewer rentals shall be computed by one (1) of the following methods:

(1) Method 1. By placing a meter or measuring device on the sewer construction. The readings from this meter or measuring device shall be used in computing the sewer rental.

(2) Method 2. By placing a meter or measuring device on the effluent not discharging into the sewerage system. The reading from this meter or measuring device will then be deducted from the total water meter readings and the remainder will be used in computing the sewer rentals.

(3) Method 3. When in the opinion of the Sewer Manager it is not desirable or not practical to install devices to continuously determine the quantity of water not discharged to the sewerage system, the Sewer Manager will determine, in such manner and by such method as he may prescribe, the percentage of metered water discharged into the sewerage system and the quantity of water used to compute the sewer rentals shall be the percentage so determined of the quantity measured by the water meter or meters. Any dispute as to the estimated amount shall be submitted to the Authority for determination and its decision shall be final for the current calendar year.

2. Measuring Devices. All meters or measuring devices not provided by the water supplier but otherwise used under the provisions of this Part shall be furnished and installed by the Authority at the expense of the property owner and shall be owned by, and under the control of, the Authority and may be tested, inspected or repaired by Authority employees whenever deemed necessary. The owner of the property upon which such measuring device is installed shall be responsible for its maintenance and safekeeping and all repairs thereto shall be made by the Authority at the property owner's expense, whether such repairs are made necessary by ordinary wear and tear or other causes. Bills for such installation and repairs shall be due and payable at the same time and collected in the same manner as are the bills for sewer service; such bills from and after their due date shall constitute a lien upon the property upon which such measuring device is installed.

3. Meter Readings. Authority shall be responsible for the reading of all meters or measuring devices, unless such readings are otherwise made available to the Authority by the water supplier, and they shall be made available to Authority employees for meter readings at any reasonable time.

(Ord. 4/12/1993)

§105. Time and Method of Payment.

1. Bills.

A. Bills for sewer service will be rendered in calendar quarters, on the first days of January, April, July and October, respectively, or on such other dates as the Authority shall specify, for service rendered in the applicable monthly period. All bills are payable upon receipt.

B. Each owner of an improved property, which shall be connected to the sewerage system during any billing period, shall pay prorata sewer rental and charge for service for the balance of the billing period and shall be billed in conjunction with the next regular annum billing or by a special billing, as this Authority may determine.

2. Sewer rentals and charges shall be due and payable upon the applicable billing date as provided for in subsection (1) of this Section, at the office of the treasurer of this Authority, or at such other location as this Authority may designate, and the appropriate amount shall constitute the net bill. If sewer rentals and charges are not paid within thirty (30) calendar days after each billing date, an additional sum of ten (10%) per centum shall be added to such net bill, which net bill, plus such additional sum, shall constitute the gross bill. Payment made or mailed and postmarked on or before the last day of such thirty (30) calendar day period shall constitute payment within such period. If the end of such thirty (30) calendar day period shall fall on a legal holiday or a Sunday, payment made on or mailed and postmarked on the next succeeding week day which is not a legal holiday shall constitute payment within such period. Any bill not paid within said thirty (30) calendar day period shall be deemed delinquent.

C. Each owner of an improved property which is connected to the sewerage system initially shall provide this Authority with and thereafter shall keep this Authority advised of his correct address. Failure of any person to receive any bill for sewer rentals and charges shall not be considered an excuse for nonpayment, nor shall such failure result in an extension of the period of time during which the net bill shall be payable.

(Ord. 4/12/1993)

§106. Liens for Connection Fees and Sewer Rentals; Filing and Collection of Liens.

1. Connection fees, sewer rentals and charges shall be a lien on the improved property connected to and served by the sewerage system; and any such sewer rentals and charges which are delinquent shall be filed as a lien against the improved property so connected to and served by the sewerage system, which lien shall be filed in the office of the Prothonotary of Perry County, Pennsylvania, and shall be collected in the manner provided by law for the filing and collecting of municipal claims.

2. The Authority also reserves the right to file civil suit against the property owner through the District Justice Office.

(Ord. 4/12/1993)

§107. Prohibited Wastes.

1. No person shall discharge or cause to be discharged any storm water, surface water, spring water, ground water, roof runoff, subsurface drainage, building foundation drainage, cellar or basement drainage,

drainage from roof leader connections, unpolluted commercial process water, overflow or drainage from cesspools, exhaust steam or any oil, tar, grease, gas, benzine or other combustible gases or liquids or any garbage (unless treated in an approved manner), insoluble solids, inorganic wastes, toxic wastes or any other dangerous or harmful substance which can adversely affect any part of the sewerage system or the treatment plant, into any sewer.

2. This Authority reserves the right to refuse permission to connect to the sewerage system, to compel discontinuance of use of the sewerage system or to compel pretreatment of industrial wastes, in order to prevent discharges deemed harmful or to have a deleterious effect upon any sewer or the sewerage system or the treatment plant.

3. No sanitary sewage or industrial wastes shall be discharged to the sewage system with or without pretreatment:

A. Being harmful or deleterious to any part of the sewerage system.

B. Being inhibitory to the treatment process at the treatment plan.

G. Containing unground garbage, scraps or vegetables.

H. Containing any ashes, cinders, sand, mud, straw, shavings, metal, glass, bones, rags, feathers, tar, plastic, wood, paunch manure, butchers offal, whole blood, bentonite, lye, building materials, rubber, hair, leather, porcelain, china, ceramic wastes, or any other solids or viscous substances capable of causing obstruction to the flow in the sewerage system or other interference with the proper operation of the sewerage system or the treatment plant.

I. Having a pH, stabilized, lower than six (6.0) or higher than nine (9.0) or having any corrosive or scale forming property capable of causing damage or hazards to structures, equipment, bacterial action or personnel of the sewerage system or the treatment plant.

J. Containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, to constitute a hazard to humans or animals or to create any hazard in the receiving stream of the treatment plant, limiting the concentration in milligrams per liter of the following ions in the discharges into the sewerage system or the treatment plant: cyanide, arsenic, phenol 0.5 mg/l; lead and mercury 1.0 mg/l; chromium

trivalent and chromium hexavalent 2.0 mg/l; cadmium, copper, nickel, silver, tin and zinc 2.0 mg/l; iron 5.0 mg/l.

K. Containing total suspended solids of such character and quantity that unusual attention or expense is required to handle such materials at the treatment plant, except as otherwise provided herein;

L. Containing any toxic radioactive isotopes.

M. Containing color from any source that, when diluted 1:10, will have a luminescence of ninety (90%) percent or better and purity of ten (10%) percent or less, at its dominant wave length by the tristimulus method.

N. Having a chlorine demand in excess of twelve (12) mg/l.

O. Being prohibited by any permit issued by the Commonwealth of Pennsylvania or of the United States of America or any of their respective agencies.

P. Containing wastes which are not amenable to biological treatment or reduction in the treatment plant, specifically nonbiodegradable complex carbon compounds.

Q. Being at a flow rate and/or pollutant discharge rate which is taking on the proportions of a slug so that there is a treatment process upset and subsequent loss of treatment efficiency at the treatment plant.

4. Where necessary, in the opinion of this Authority, this Authority may require any owner to provide, at such owner's expense, such facilities for preliminary treatment of industrial wastes as may be necessary to reduce objectionable characteristics or constituents of such industrial wastes in order to bring the same within the maximum limits permitted herein and to control the quantities and rates of discharge of such industrial wastes over a twenty-four (24) hour day and a seven (7) day week.

5. Plans, specifications and any other pertinent information relating to proposed facilities for preliminary treatment and handling of industrial wastes shall be submitted for approval of this Authority; and no construction of any such facility shall be commenced until approval thereof first shall have been obtained, in writing, from this Authority and until approval thereof first shall have been obtained from any governmental regulatory body having jurisdiction.

6. Whenever facilities for preliminary treatment and handling of industrial wastes shall have been provided by any owner, such facilities continuously shall be maintained, at the expense of such owner, in satisfactory operating condition; and this Authority shall have access to such facilities at reasonable times for purposes of inspection and testing.

(Ord. 4/12/1993)

§108. Regulations Governing Admission of Industrial Wastes into the Sewerage System and Rentals and Charges Imposed Therefor.

1. Any person desiring to make or to use a connection to the sewerage system through which industrial wastes shall be discharged into the sewerage system shall file with this Authority an application for a permit

and an industrial waste questionnaire, to be furnished by this Authority, which shall supply to this Authority pertinent data, including estimated quantities of flow, characteristics and constituents, with respect to industrial wastes proposed to be discharged into the sewerage system and shall obtain written permits from this Authority to do so before making or using such connection. The collection and analysis of samples of industrial wastes shall be made by or under the supervision of a professional sanitary engineer. The cost of obtaining all such data shall be borne by the person desiring to make or to use such a connection to the sewerage system.

2. 8. In the event sanitary sewage is combined with industrial wastes passing through the meter or meters provided for measuring the volume of industrial wastes, an estimate of the volume of sanitary sewage shall be granted as an allowance against the total volume measured in applying appropriate surcharge rates and charges for industrial wastes.

§109. Access. This Authority shall have the right of access at reasonable times to any part of any improved property which shall be served by the sewerage system as shall be required for purposes of inspection, management, sampling and testing, and for performance of other functions relating to service rendered by this Authority through the sewerage system. F. A building sewer shall be connected to a sewer at the place designated by this Authority and where the lateral is provided. The invert of a Building Sewer at the point of a gravity connection shall

be at the same or a higher elevation than the invert of the sewer. Where any building drainage system is too low to permit gravity flow to the sewer lateral, the sewage flow from such building drainage system shall be lifted by an approved means and discharged through the building sewer.

G. Every building sewer of any improved property shall be maintained in a sanitary and safe operating condition by the owner of such improved property.

H. Every excavation for a building sewer shall be guarded adequately with barricades and lights to protect all persons from damage and injury. I. If any person shall fail or refuse, upon receipt of a notice of this Authority, in writing, to remedy any unsatisfactory condition with respect to a building sewer, within sixty (60) days of receipt of such notice, this Authority may refuse to permit such person to discharge sanitary sewage and industrial wastes into the sewerage system until such unsatisfactory condition shall have been remedied to the satisfaction of the Authority.

B. No building sewer shall be covered until it has been inspected and approved by this Authority. If any part of a building sewer is covered before so being inspected and approved, it shall be uncovered for inspection at the cost and expense of the owner of the improved property to be connected to a sewer.

G. On existing improved properties as distinguished from future properties to be improved, the service line shall be vented, trapped and a cleanout placed on the line.

(1) Vents. A vent shall be placed along the house sewer line at a location acceptable to the Authority Manager or his representative. Vent risers shall extend a minimum of twelve (12) inches above the ground surface and shall be capped with a mushroom vent or double bend. Vents shall be at least four (4) inches in diameter.

- G. A transfer for no or nominal actual consideration of property passing by testate or intestate succession from a personal representative of a decedent's devisee or heir.

U. A transaction wherein the tax due is one dollar (\$1.00) or less .

In order to exercise any exclusion provided in this section, the true, full and complete value of the transfer shall be shown on the statement of value. A copy of the Pennsylvania Realty Transfer Tax Statement of Value may be submitted for this purpose. For leases of coal, oil, natural gas or minerals, the Statement of Value may be limited to an explanation of the reason such document is not subject to tax under this Ordinance.

SECTION 7: DOCUMENTS RELATING TO ASSOCIATIONS OR CORPORATIONS AND MEMBERS, PARTNERS, STOCKHOLDERS, OR SHAREHOLDERS THEREOF.

Except as otherwise provided in Section 6 hereof, documents which make, confirm or evidence any transfer or demise of title to real estate between associations or corporations and the members, partners, shareholders or stockholders thereof are fully taxable. For the purposes of this Section, corporations and associations are entities separate from their members, partners, stockholders or shareholders.

SECTION 8: ACQUIRED COMPANY.

A. A real estate company is an acquired company upon a change in the ownership interest in the company, however effected, if the change does not affect the continuity of the company; and of itself or together with prior changes has the effect of

transferring, directly or indirectly, ninety (90%) percent or more of the total ownership interest in the company within a period of three (3) years.

B. With respect to real estate acquired after February 16, 1986, a family farm corporation is an acquired company when, because of voluntary or involuntary dissolution, it ceases to be a family farm corporation or when, because of issuance or transfer of stock or because of acquisition or transfer of assets that are devoted to the business of agriculture, it fails to meet the minimum requirements of a family farm corporation under this Ordinance.

C. Within thirty (30) days after becoming an acquired company, the company shall present a declaration of acquisition with the recorder of deeds of each county in which it holds real estate for the affixation of documentary stamps and recording. Such declaration shall set for the value of real estate holdings of the acquired property in such county. B. Where there is a transfer by a builder of residential property which was transferred to the builder within the preceding year as consideration for the purchase of new, previously unoccupied residential property, a credit for the amount of the tax paid at the time of the transfer to the builder shall be given to the builder toward the amount of the tax due upon the transfer.

C. Where there is a transfer of real estate which is leased by the grantor, a credit for the amount of tax due paid at the time of the lease shall be given the grantor toward the tax due upon the transfer.

D. Where there is a conveyance by deed of real estate which was previously sold under a land contract by the grantor, a credit for the amount of tax paid at the time of the sale shall be given the grantor toward the tax due upon the deed.

E. If the tax due upon the transfer is greater than the credit given under this section, the difference shall be paid. If the credit allowed is greater than the amount of tax due, no refund or carryover credit shall be allowed.

SECTION 10: EXTENSION OF LEASE.

In determining the term of a lease, it shall be presumed that a right or option to renew or extend a lease will be exercised if the rental charge to the lessee is fixed or if a method for calculating the rental charge is established.

SECTION 11: DUTIES OF RECORDER OF DEEDS.

B. In order to ascertain the amount of taxes due when the property is located in more than one political subdivision, the recorder shall not accept for recording such a deed unless it is accompanied by a Statement of Value what taxes are due each municipality.

The two (2%) percent commission shall be paid to the county.

D. Upon a redetermination of the amount of realty transfer tax due by the Commonwealth of Pennsylvania, the recorder shall record the deed of record the additional realty transfer tax form only when both the state and local amounts and a re-recording fee has been tendered.

SECTION 12: STATEMENT OF VALUE.

Every document lodged with or presented to the records for recording, shall set forth therein and as a part of such document the true, full and complete value thereof, or shall be accompanied by a statement of value executed by a responsible person connected with the transaction showing such connection and setting forth the true, full and complete value thereof or the reason, if any, why such document is not subject to tax under this section. A copy of the Pennsylvania Realty Transfer Tax Statement of Value may be submitted for this purpose. The provisions of this section shall not apply to any excludable real estate transfer which are exempt from taxation based on family relationship. Other documents presented for affixation of stamps shall be accompanied by a certified copy of the document and Statement of Value executed by a responsible person connected with the transaction showing such connection and setting forth the true, full and complete value thereof or the reason, if any, why such document is not subject to tax under this Ordinance.

SECTION 13: CIVIL PENALTIES.

A. If any part of any underpayment of tax imposed by this article is due to fraud, there shall be added to the tax amount equal to fifty (50%) percent of the underpayment.

B. In the case of failure to record a declaration required under this section on the date prescribed therefor, unless it is shown that such failure is due to reasonable cause, there shall be added to the tax five (5%) percent of the amount of such tax if the failure is for not more than one (1) month, with an additional five (5%) percent for each additional month or fraction thereof during which such failure continues, not exceeding fifty (50%) percent in the aggregate.
